

**FOR THE LOVE OF LIGHT**

**UNION**

*Part art form and part scientific process...*

Proper lighting can make all the difference. It can influence which fruit to pick, what jewel to buy, how a lobby feels, and how productive a workspace can be. Lighting design, part art form and part scientific process, determines the needs of each project to better develop the appropriate solution. Whether you wish to enhance the appearance of your products (food displays, clothing...) or your building exterior (hotels, boutiques...), save money through efficient lighting (warehouses, offices...) or simply have appropriate task lighting (sports centers, prenatal wards...), one team can guide you: Union Lighting.

OFFICES | Proper commercial indoor lighting can stimulate productivity and create a positive mood. Wall-mounted, recessed and track downlights can create a dynamic space with warmth and illumination.

**WHO WE ARE**

*Union Lighting is a wholesale supplier of commercial and industrial lighting products.*

Union Lighting is a wholesale distributor of commercial and industrial lighting products.

In 1999, the company expanded its offering to include a full-service architectural hardware division. Our company's customer base consists of general contractors, electrical contractors, designers, architects, members of the hospitality trade, national retailers, homebuilders, and property management companies.

**... EXPERIENCE**

Our experience shows through our professionalism, with hundreds of projects realized every year. 90 years of technical and product training and experience has given us the tools needed to better serve our clients. We specialize in identifying their needs and then, effectively delivering the product that will help meet their needs. Through extensive and ongoing research, our resourceful team has what it takes to meet any aesthetics, timing, performance and budget requirements.

**... TAKE ADVANTAGE OF OUR EXPERTISE**

We have helped some of the largest retail chains in North America to design and deliver efficient lighting concepts, fully tailored to their very unique needs.

## HISTORY

*Since 1914, the name "Union" has become synonymous with quality lighting.*

Since 1914, the name "Union" has become synonymous with quality lighting and now, stylish architectural hardware. Throughout the past 90 years, our team has been dedicated to building relationships with suppliers and clients. Our philosophy is to provide a level of service that will foster trust and create a sustainable relationship, always with an emphasis on value. It is this alliance that allows us to keep clients "in the know" about new technology and trends available in the industry.

## MISSION

*To continue to distinguish ourselves...*

To continue to distinguish ourselves as the source for unique high-quality lighting and architectural hardware products with the very best professional service. The recognition of our clients' satisfaction as the most meaningful measurement of our success and our most powerful resource for continued growth, we commit ourselves to providing total customer satisfaction in all that we do.

RETAIL | The color-corrective quality of fluorescent lighting can enhance the inherent colors of displayed items. Product displays can be further highlighted by the use of stylish glass, metal, or parchment pendants.

SERVICES

*We are pleased to offer you a personal lighting consultation.*

**...PLANNING SERVICES**

As a Union Lighting client, we are pleased to offer you a personal lighting or architectural hardware consultation. We will assess your needs and wants, and help develop your product requirements and action plan. We can offer ideas and tips on how to organize every room, help clarify your goals, and work with you.

**...ONE STOP SHOP**

We can help develop the design, supply the lighting fixtures, the hardware, and then follow through with our lamp replacement program.

Commercial Lighting

Architectural Hardware

Specialty Bulbs

WAREHOUSES | Fluorescent and HID lighting provides the discerning client with a highly cost-effective solution. Fluorescent produces efficient lighting, uses little power and has a long life. It is highly adaptive and can be configured to suit your environment perfectly.

**SPECIALTY  
BULBS**

*Choose the right bulb for any situation.*

Union Lighting lamp experts can help you choose the right bulb for any situation, whether your priority is long life, color rendition or cost. For medical, theatrical, or other specialty bulbs, we can both supply and/or create re-lamping programs. We have the experience; Union Lighting has been servicing property management, national retailers, and the cinematic industry for nearly 100 years!

Medical Field

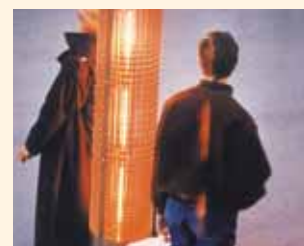

Property Management

Body Care

Stage & Studio

Zone Heating

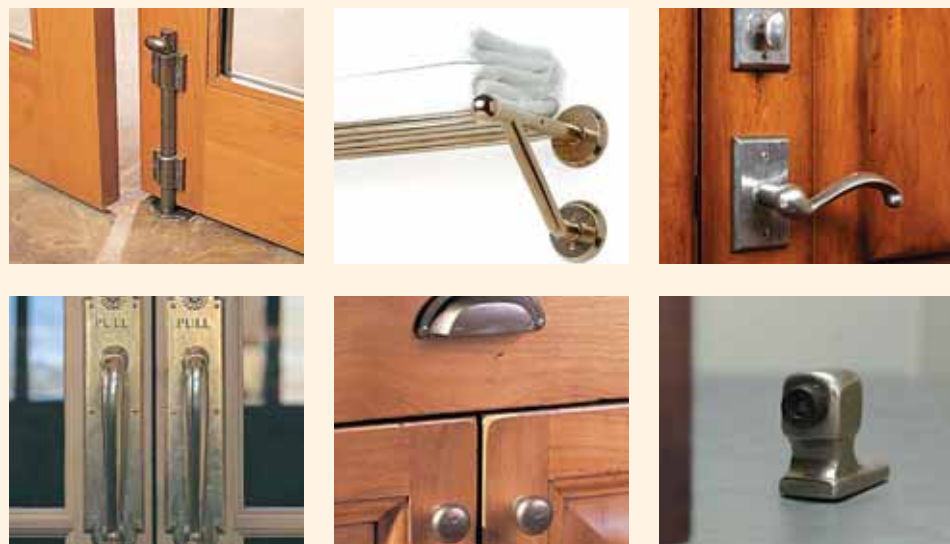

**SPECIALTY LIGHTING** | Lighting solutions are as diverse as your needs. Whether you need explosion-proof fixtures for a lab, tamperproof fixtures for a schoolyard, or the right lighting for a parking lot, Union consultants will help you find the perfect solution.

## ARCHITECTURAL HARDWARE

*Turn the most complex project into a hassle-free experience.*

Over the last decade, Union Lighting has logically expanded its offering to include an architectural hardware division. Our professional consultants work with designers and architects in the realization of exciting projects that include hotels, condominiums, and restaurants. With their vast knowledge of commercial products, these consultants can turn the most complex project into a hassle-free experience bringing you complete satisfaction. Our broad range of products, expertise, and willingness to please will impress even the most discerning client.

## CONTACT

*For any questions or comments...*

For any questions or comments regarding our products or services, please write or call our head office, open 7 days a week, eastern standard time. Our qualified experts are always available to answer your questions and fulfill your needs.
